Superintendent's Annual Report

To the School Board and Citizens of South Hampton:

Following is my first report as your new Superintendent. As I have been Superintendent in this district for only four months much of the statistics will cover Mr. Osgood's last year as Superintendent.

South Hampton is fortunate in having two excellent teachers this year. Miss Myrtle Bean of Amesbury, replaces Mary Irene Cannon. It is a difficult task for any teacher to be perfect in the eyes of all parents, yet your present teachers carry on a well rounded program for your children and should receive much praise for their fine efforts.

Schools are pressed by increasing prices continually and it is a difficult job to budget accordingly. Due to the increase of teachers salaries and tuition costs it will be necessary for the school district to ask for a \$350.00 deficiency fund for 1946-47. Tuition at Amesbury increased \$35.00 and Sanborn Seminary \$23.00 per pupil.

The South Hampton P. T. A. purchased a Bell & Howell motion picture projector for the school early last fall and also have undertaken the cost of films. Such fine spirit and service rendered by this organization is greatly appreciated.

The Barnard School is in need of some minor repairs which will in all probability be attended to before fall.

In closing I wish to thank the members of the School Board, the teachers, pupils and parents for their continued cooperation in carrying on and improving the work of education in your community.

Respectfully submitted,

ARTHUR W. DANIELSON,
Superintendent

Report of Music Supervisor

To the Superintendent and School Board of South Hampton, New Hampshire:

I hereby submit a report on music for the year 1947-48.

The educational value of music is a well known fact today. The varied music program presented in the schools today aims to create a love and appreciation of the beauty in music. In order to increase the happiness which children will get from singing songs, many other activities other than singing are necessary. Such activities include rhythmic, folk dancing, and music appreciation. The elementary school in South Hampton includes in its program all the above mentioned essentials for a complete music class. It is gratifying to note the interest manifested by the children in all their music work.

The primary grades are studying many rote songs and are beginning to study the technical side of music. The elementary group is working diligently on two and three part music. Both groups are taught folk dancing and through listening to the best records, music appreciation is acquired.

At present, as in no time in history, music from the radio and phonograph permeates our life day and night. Hearing good music is an advantage but this is not enough. Through creative experience much is to be gained.

It is hoped that the aims of a complete and satisfying music program have been fulfilled in the South Hampton schools during this past school year.

In conclusion, may I express my appreciation to those who have made this school year such a pleasant and worthwhile venture.

Respectfully submitted,

PRUDENCE HAYES

Health program of the South Hampton Schools consists of yearly physical examinations of eyes, ears, throats, etc. This examination is followed up by home calls to secure corrected work which is needed.

Schools are visited every other week, for inspection and anything else which requires attention. In cases of epidemics the nurse is there daily.

We are fortunate in having an unusually healthy group of school children and very solicitous parents.

The cooperation of the parents and school officials is greatly appreciated.

Respectfully submitted,

CONSTANCE COOPER, R. N.
